## INDEX TO VOLUME 16

### Main Papers

BOUGHER, N.L. <i>Coprinopsis stangliana</i> – a recently introduced fungus expanding in urban bushlands of the Perth region in Western Australia .....	3
CRANFIELD, R.J. AND KEIGHERY, G.J. <i>Logania wendyae</i> (Loganiaceae), a new species from south-west Western Australia .....	11
DAVIS, R.W. A new rare and geographically restricted <i>Ptilotus</i> (Amaranthaceae) from the Pilbara Bioregion of Western Australia .....	265
DIXON, D.J. <i>Ficus carpentariensis</i> – a new sandpaper fig for northern Australia and a revision of the <i>Ficus opposita</i> complex (Moraceae: <i>Ficus</i> subg. <i>Ficus</i> sect. <i>Sycidium</i> informal group <i>F. copiosa</i> ) .....	269
DURETTO, .F. <i>Boronia barrettiorum</i> ( <i>Boronia</i> subseries <i>Filicifoliae</i> : Rutaceae), a new species from the Kimberley Region of north-western Australia .....	15
GIBSON, N. Reinstatement of <i>Patersonia occidentalis</i> var. <i>angustifolia</i> and <i>Patersonia occidentalis</i> var. <i>latifolia</i> (Iridaceae) .....	21
HISLOP, M. A new species and a new combination in <i>Acrotriche</i> (Ericaceae: Styphelieae), with keys to the Western Australian members of the genus and its closest relative <i>Lissanthe</i> .....	285
HOPPER, S.D. AND BROWN, A.P. Contributions to Western Australian orchidology: 3. New and reinstated taxa in <i>Eriochilus</i> .....	29
KELLERMANN, J., RYE, B.L. AND THIELE, K.R. <i>Blackallia</i> , <i>Serichonus</i> and <i>Papistylus</i> : three closely related genera of Rhamnaceae (Pomadereae) from south-western Australia .....	299
KONDRATYUK, S.Y., KARNEFELT, E.I. AND THELL, A. New species of <i>Xanthoria</i> (Teloschistaceae) from Australia .....	63
LEMSON, K.L. Dedication - Dr Jennifer Anne (Jenny) Chappill, 1959–2006 .....	1
LYONS, M.N. AND KEIGHERY, G.J. A new species of <i>Tribonanthes</i> (Haemodoraceae) from saline wetland margins in Western Australia .....	77
LYONS, M.N. AND KEIGHERY, G.J. A new species of <i>Hypoxis</i> (Hypoxidaceae) from saline wetland margins in Western Australia .....	317
MANN, P. <i>Drosera gibsonii</i> (Droseraceae), a new Pygmy <i>Drosera</i> from south-west Western Australia .....	321
MASLIN, B.R. AND ELLIOTT, C.P. <i>Acacia splendens</i> (Leguminosae: Mimosoideae), a new rare species from near Dandaragan, Western Australia .....	81
NICOLLE, D. AND BROOKER, M.I.H. Formal recognition of <i>Eucalyptus platydisca</i> (Myrtaceae), an arid-zone monocalypt from south-western Australia .....	87
OBBENS, F.J. A review of the tuberous <i>Calandrinia</i> species (section <i>Tuberosae</i> ), including three new species for Western Australia .....	95
RYE, B.L. A partial revision of the south-western Australian species of <i>Micromyrtus</i> (Myrtaceae: Chamelaucieae) .....	117
RYE, B.L. New combinations and lectotypifications for the south-western Australian genus <i>Astartea</i> (Myrtaceae) .....	149
RYE, B.L. New species and keys for <i>Cryptandra</i> and <i>Stenanthemum</i> (Rhamnaceae) in Western Australia .....	325

SAGE, L.W. Three new species of <i>Lechenaultia</i> (Goodeniaceae) from south-west Western Australia, and a new key to the genus .....	157
SAGE, L.W. AND ALBRECHT, D.E. New taxa of <i>Goodenia</i> subgenus <i>Goodenia</i> section <i>Caeruleae</i> subsection <i>Scaevolina</i> (Goodeniaceae), from the Eremaean Botanical Province of Western Australia .....	167
SHEPHERD, K.A., BENNETT, E.M., WILKINS, C.F. AND SAGE, L.W. <i>Lasiopetalum pterocarpum</i> (Malvaceae s.l.: Lasiopetaleae), a new and rare species from south-west Western Australia .....	175
SHEPHERD, K.A. AND VAN LEEUWEN, S.J. <i>Tecticornia bibenda</i> (Salicornioideae: Chenopodiaceae) a new C4 samphire from the Little Sandy Desert, Western Australia .....	383
WEGE, J.A. <i>Stylidium diplotrichum</i> (Stylidiaceae) : a new scale-leaved trigger plant from south-west Western Australia, with taxonomic and anatomical notes on allied species .....	183
WEGE, J.A. Reinstatement of <i>Stylidium rigidulum</i> (Stylidiaceae), with notes on the morphologically allied <i>S. kalbarriense</i> .....	199
WEGE, J.A. Taxonomic notes on the locket trigger plants from <i>Stylidium</i> subgenus <i>Tolypangium</i> section <i>Repentes</i> .....	207
WEGE, J.A. Taxonomic observations on the <i>Stylidium leptocalyx</i> complex (Stylidiaceae) .....	221
WEGE, J.A. Taxonomic observations on <i>Stylidium spathulatum</i> (Stylidiaceae), with the description of three allied species from section <i>Saxifragoidea</i> .....	233
WEGE, J.A. <i>Stylidium hymenocraspedum</i> , (Stylidiaceae) – a new species for Western Australia, and the lectotypification of <i>S. maitlandianum</i> .....	247
WHEELER, J.R. AND MARCHANT, N.G. A revision of the Western Australian genus <i>Agonis</i> (Myrtaceae) and two new segregate genera <i>Taxandria</i> and <i>Paragonis</i> .....	393
WILLIAMS, A.R. <i>Puccinellia</i> (Poaceae) in Western Australia .....	435
WILSON, P.G. AND WILSON, MARGARET A. <i>Rhetinocarpha</i> (Asteraceae : Gnaphalieae) – a new genus from Western Australia .....	255

### Short Communications

MACFARLANE, T.D. AND HEARN, R.W. Occurrence and status of <i>Pentapogon quadrifidus</i> (Poaceae) in Western Australia .....	469
MACFARLANE, T.D. AND WILLIAMS, A.R. <i>Agrostis castellana</i> (Poaceae) mis-identified as <i>A. capillaris</i> var. <i>aristata</i> in Western Australia .....	472
THIELE, K.R. AND BROWN, A.P. Recombinations in Western Australian Orchidaceae 1 .....	473
THIELE, K.R. AND MAST, A.R. Further recombinations of <i>Dryandra</i> into <i>Banksia</i> .....	475
